Course Preamble

This course deals with essentials of legal aspects for engineers. Students are taught to recognize and assess issues which can have a potential legal impact on business relationships. Considerable emphasis is given to company law, dispute resolution, Intellectual Property Rights (IPR) protection along with laws pertaining to engineering business. Students are trained to formulate strategies for resolving interrelated legal issues through mock litigations.

Assignment

Instructions to Students:

1. The assignment consists of 2 parts.
2. Maximum marks is 50.
3. Wherever applicable, assignment has to be neatly word processed as per the prescribed format.
4. The printed assignment must be submitted to the exam section and the practical aspects presented before the course leaders on the assigned date.
5. **Submission Date: 18/3/2019**
6. **Submission after the due date is not permitted.**
7. **IMPORTANT:** It is essential that all the sources used in preparation of the assignment must be suitably referenced in the text.
8. Marks will be awarded based on the sections and subsections attempted by the student.

Students are expected to consult the Course Leader/s on the following:

- Clarifications (if any)
- Allotment of Groups for the assignment/ 5-7 people in each group

Part A: (Individual Task)

5 Marks

“Intellectual property is a property that arises from the human intellect. It is product of human intellect”

A1.1 List and explain any five funny trademarks. (India, UK, US, Denmark and France)
